7. What this report does not cover

- Reports submitted before this portal was connected to MIMS (2026-07-12).
- Other requests: they are not sent to MIMS by design, and are counted on their own in section 6.
- What MIMS did with a report after it arrived. That is on MIMS's Inquiry Ledger.
- Earlier states: each figure is as it stands when this report is made, and the bridge jobs' history is not kept, only their latest run.
- Reports received by MIMS from other channels (email, by hand).
